## Daily Recorder Exercises

The first two pages of these exercises date from 1995, when I was a tutor in the *Recorder '95* festival in Melbourne. Why should recorder players practice in remote keys like F# major ? Because in almost every piece in B minor, and hence even in D major, there is some passage in the dominant, in this case F# major, and unless the player has practised in this key, that passage is always the one which spoils the whole movement.

The third page, of minor arpeggios, was added recently because I noticed that while sight-reading I was playing the major arpeggios with greater fluency than minor ones.

Systematic technical exercises such as these are less used by recorder players than other instrumentalists, but they are very effective in generating a maximum of fluency from a minimum of playing time. They should be used regularly every day; ten minutes a day is far superior to one hour per week.

The goal when practising should be to let each note sing strongly and sweetly right from its very first moment to its very last, and then to change cleanly into the next note, with the tongue and all the fingers moving simultaneously so that no ugly scrunching sounds mar the transition. As the transitions become flawless, the sweet singing line will begin to join up from note to note, and develops into a large thing which has its own identity and beauty.

These exercises should also be of value to other woodwind instruments such as flute, oboe, clarinet or saxophone.

# Daily Recorder Exercises

- \* Ten minutes (or more, of course) per day
- \* Legato, tongued, and double- (or triple-) tongued
- \* Clean. The tongue and all the fingers must all move at the same instant
- \* Beautiful. Every note must sing sweetly from start to finish.

The image displays a musical score for a recorder in the key of F major. It consists of 14 staves of music, each containing a sequence of major arpeggios. The notes are written in a treble clef and are organized into groups of four notes per staff. The arpeggios are played in a sequence that covers the entire range of the instrument, from the lowest F (F2) to the highest F (F6). The notes are: F2, A2, C3, E3, F3, A3, C4, E4, F4, A4, C5, E5, F5, A5, C6, E6, F6. The score is written in a simple, clear style, with notes and stems clearly visible. The key signature is one flat (Bb), and the time signature is not explicitly shown but is implied to be common time (C).

The image displays a musical score for a recorder in the key of F major, consisting of 14 staves of music. Each staff contains a sequence of four measures of eighth-note arpeggios. The notes are grouped in pairs, with a slur over each pair. The sequence of notes in each pair is: F (natural), G (natural), A (natural), B (flat), C (natural), D (natural), E (flat), F (natural). This sequence is repeated four times per staff. The key signature is one flat (F major), and the time signature is 4/4. The notation includes various accidentals (sharps and flats) to indicate the specific notes in the arpeggios. The final note of each staff is a quarter rest.

**Peter Billam** was born in London in 1948, studied piano, and lived in Switzerland from 1973 to 1983, where he studied composition, classical guitar, flute and voice, worked as Musical Director of the *Théâtre Populaire Romand*, and as recording engineer, record producer and computer programmer. He moved to Tasmania in 1983, lectured in composition at the Conservatorium, conducted recorder ensembles and choirs, studied recorder, voice and harpsichord. He founded **www.pjb.com.au**, becoming the first composer to sell scores on-line, with on-line delivery, taking scores from Composer to Performer in one immediate step. *Www.pjb.com.au* offers a new approach to music publishing. These pieces are **written to be read, made to be played !**
